Description:

Offering 40 fun projects that include building butterfly habitats, feeding butterflies by hand, and even incorporating live butterflies into special celebrations, Rick Mikula encourages you to get the whole family involved as you explore the exciting and colorful world of butterflies. Providing a comprehensive overview of the butterfly lifecycle and close-up photography of 40 stunning North American species, this guide teaches you everything you need to know to identify, care for, and raise these beautiful and fascinating insects.

This book arrived in a timely fashion, and was true to the product description. My recollection is that I bought this as a used book. And as is so often the case, it seemed flawless to me. For a huge company, dealing with Amazon is rather painless. As many Hearst as a customer, I have very few, if any complaints. Products are what they are described, and a rather liberal return policy. I am very happy dealing with Amazon. The book is a family orientated guide to establishing and maintaining a butterfly friendly garden. I chose this book because it didn't appear to be a textbook type tome, but rather a basic book dealing with a beginner in mind. I feel I got my monies worth and more! Tom Franzson
